- Cloth Smart Prop:
  - To use the cloth smart prop, first make sure your figure is selected, then click on the cloth to load it. You can then apply your cleaning pose.

- If the cloth does not appear correctly positioned in the pose, return the figure to zero pose using the included pose preset, then reapply the cleaning pose.
- To remove the cloth prop, select it in the Viewport and hit delete. Be sure to re-select the figure before applying a new pose.
