## Product Information

- Required Products: Danaides, Zelara 8, Elita Cyberpunk Megapack for Genesis 8 Female(s), Danaides Iray Addon, dForce Eva 077 Outfit for Genesis 8 Female(s), Daz Studio 4 Scene Tools Set 3 - Pose Symmetry, Dezzi for Celani 8 and Genesis 3 and 8 Female, Orla Fae Bundle for

## Genesis 8 Female, Millawa 8, Cyberpunk Night Club, Iray Stand Kit, Superhero Body FX for Genesis 8 Females

Unique, strange, and unusual hair can often be the right addition to sci-fi and fantasy renders. What's an alien bar without unique alien hairstyles? What's an intergalactic conference without strange and unique hairstyles? Alien Styles Hair for Genesis 8 Females can be the perfect touch to convey a truly out-of-this-world experience. This Alien Styles Hair package contains 4 different hairstyles, 25 hair color shaders, 15 root color shaders, 7 root length shaders, and 9 hair gloss shaders (all of which are usable with other strand-based dForce hair). In addition, all 4 hairstyles include high res and low res versions. Lower res versions are recommended for groups, heavier scenes, and when the figures are mid-range to long-range distance from the camera (lower res versions are not recommended for close-ups or portraits). Filament versions of all 4 styles are also included for use with the Filament render engine. There are 2 Filament Draw Options Nodes that have been carefully set up to help quickly and easily transition an Iray scene into a Filament scene. Spice up your space stations, give your galaxy gals some glam, and add some unique flair to your fantasy females with the Alien Styles Hair for Genesis 8 Females.

## Product Notes

### Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier](#), which is used as a key to indicate something about the contents of that package.

- 1 Core <sup>1)</sup>

[ ] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
