

FITNESS POLE DANCE

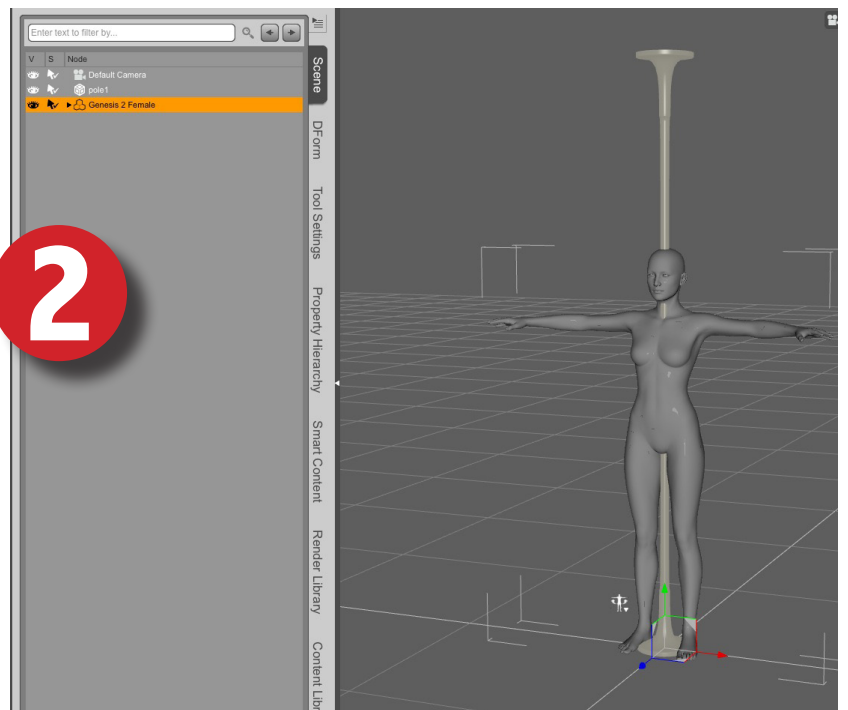

POSES & PROP

1

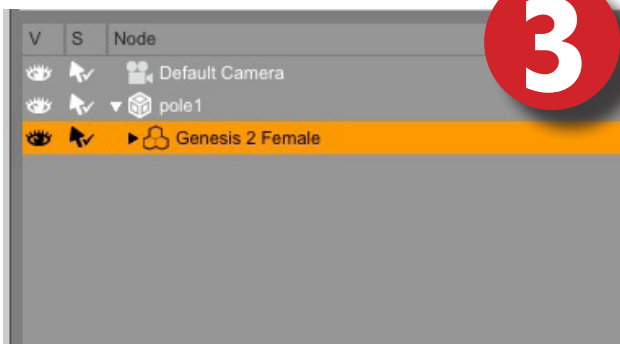

Load the Pole dance prop

2

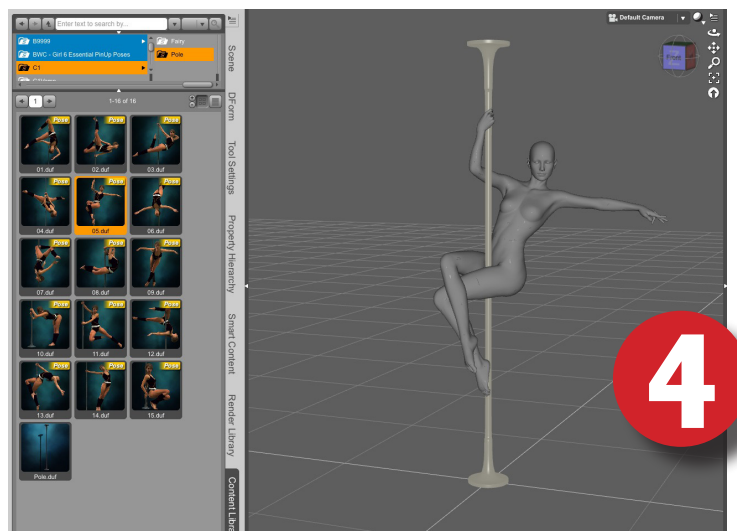

Load Genesis 2 and open the «Scene» Panel

3

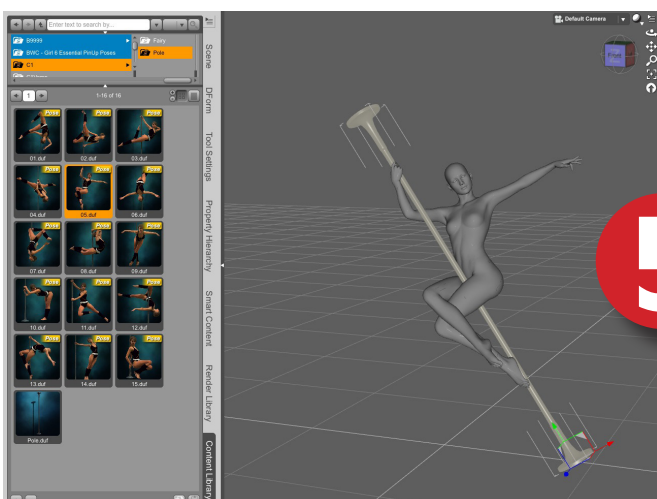

Select «Genesis 2 Female», and drop it on the «pole» prop so Gen2 is now parented to the prop.

4

Apply any Fitness Pole dance pose to Genesis 2 and she will be perfectly fit on the Pole.

5

You can move, or rotate your pole anywhere in your scene. Genesis 2 will follow and still be at the right place.
