

MERCHANT RESOURCE AGREEMENT

Shape Shift for Genesis 8 Female(s) may be used as a Merchant Resource under the following conditions.

What you MAY do:

You may save a character\shaping preset in conjunction with your morphs where users will require the Shape Shift for Genesis 8 Female(s) product in order to work, much in the same way characters require Daz3D Head and Body Morph packages if they are used in the creation of your character.

You may also bake the combined Shape Shift morphs where your own rigging will be required. If this is the case, Shape Shift product must be mentioned in the created products readme as a used resource.

What you MAY NOT do:

You may not distribute\copy the morphs from this product in their current format or modify them, unless for personal use.

You may not create freebies distributing the morphs from this product in any form unless it is a character\shaping preset where users will require the Shape Shift product in order to work.

This Merchant Resource agreement extends to Genesis 8 Female(s) only. No character for any other base figure may be created using this product.

You may NOT create your own merchant resource using any aspect of this product or modification there-of, or create any other body shape offering package.

Products\Sellers suspected of violating these rules will be reviewed and monitored and will be dealt with accordingly.
